The TIPS Facilitator facilitates trauma-informed support meetings in community locations such as churches, libraries, shelters, and/or hospital settings. Peer Facilitators follow the Central Massachusetts Recovery Learning Community and Kiva Center guidelines, ensuring safety and promoting effective communication for all participants. Peer facilitators facilitate open discussions or recovery topic discussions that encourage connection and empowerment through the sharing of experience, hope, and information. The Peer Facilitator will typically work with a co-facilitator, but may at times work independently. Peer Facilitators develop and maintain positive relationships with site contacts in the community.

Please note: Completing the Peer Facilitator training does not guarantee a paid position as a Peer Facilitator.

Experience as a group facilitator is helpful, but not mandatory. Do you have experience as a group facilitator? If so, what groups, and how long have you facilitated? Also, list any certifications you have that would be useful to peer support, i.e. WRAP, IPS, CPS, etc. Please be specific.

What would make you a good peer facilitator?

In one or two paragraphs, please explain why you would like to become a peer facilitator.

How do you think the role of a peer facilitator is different from that of a group therapist, a teacher, a leader of an AA meeting, or someone telling their recovery story?

What is the best way to contact you? Phone_____ Email_____

You will be interviewed by phone or in person two weeks before the training. To become a Peer Facilitator, you will be required to arrange transportation to the training at 209 Shrewsbury St, and – if hired - to your future Peer Facilitator meeting site. Snacks and coffee during the training will be provided.
